

AR Match Pro — Pilot Program Agreement

DRAFT for attorney review — not yet legal advice or a binding form

This is a working draft prepared by the vendor for discussion. Have it reviewed by qualified counsel before signature. It is intentionally short: the pilot is free or low-cost, data never leaves the customer's systems, and the customer's team retains full control of what posts to their ledger.

1 · Pilot scope

AR Match Pro ("Vendor") grants Customer a non-exclusive, non-transferable right to use the AR Match Pro application ("Software") for internal evaluation of accounts-receivable cash application for thirty (30) days from the start date, for up to the user count and data volumes stated in the pilot plan. The Software is provided in a pilot phase and may contain defects.

2 · Data handling

The Software processes Customer data locally in Customer's browser. Vendor does not receive, store, or transmit Customer financial data. Customer remains the sole controller of all data processed with the Software. Optional features that transmit data to third parties (e.g. the AI remittance parser) operate only if Customer affirmatively configures and invokes them.

3 · Customer verification responsibility

The Software produces recommendations and draft posting files. Customer's finance team is solely responsible for reviewing and verifying all matches, allocations, exceptions, and export files before posting anything to Customer's general ledger or ERP. Vendor is not responsible for the accuracy of any posting Customer chooses to make.

4 · Shadow operation

During the pilot, Customer will continue operating its existing cash application process of record. The Software runs in parallel for comparison. Nothing in this Agreement requires Customer to change its process of record.

5 · Confidentiality

Each party will keep the other's non-public information confidential and use it only for the pilot. Aggregated, de-identified pilot metrics (e.g. match rate percentages, hours saved) may be used by Vendor in anonymized form only with Customer's written approval.

6 · Fees

The pilot fee, if any, is stated in the pilot plan. Conversion to a paid subscription requires a separate order form.

7 · Warranty disclaimer

THE SOFTWARE IS PROVIDED "AS IS" DURING THE PILOT, WITHOUT WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED, INCLUDING FITNESS FOR A PARTICULAR PURPOSE AND NON-INFRINGEMENT.

8 · Limitation of liability

NEITHER PARTY IS LIABLE FOR INDIRECT, INCIDENTAL, SPECIAL, OR CONSEQUENTIAL DAMAGES. VENDOR'S TOTAL LIABILITY UNDER THIS AGREEMENT IS CAPPED AT THE FEES PAID FOR THE PILOT OR US \$1,000, WHICHEVER IS GREATER.

9 · Term and termination

Either party may terminate at any time on written notice. On termination, Customer deletes local Software data at its discretion (it resides only on Customer systems). Sections 3, 5, 7, and 8 survive.
